\*Interest rates are variable and can change on a monthly basis. Daily balance average for each calendar month will be used to determine rate tier for that month. Rates listed are current rates only, and only guaranteed through the end of the current month. SAFCU Money Market Savings accounts will not have check writing access and are subject to Regulation D account rules.

\*\*No Minimum balance requirement refers to account fees. If account balance drops below \$2,500.00 (daily average for calendar month), no interest will accrue, however, no fees will be charged.
